

HONDA

Replacement A/C Compressors

- | |
|--|
| ■ All Sanden TR compressors are 100% new, not re-manufactured |
| ■ Each unit is manufactured on the same line as the Honda original |
| ■ TR replacement compressors come with a one year limited warranty |
| ■ Replacement TR compressors meet or exceed original OEM specs |
| ■ Compressors ship fully charged with original Sanden SP-10 oil |
| ■ Clutch service kits are available to repair worn friction surfaces |

“Original Equipment on Honda Vehicles for Over 15 Years.”

Advanced scroll technology has made Sanden’s TR compressor the scroll compressor of choice by Honda for over 15 years. Scroll compression technology provides superior cooling efficiency and reduced noise vibration harshness. For a smooth, quiet, and comfortable ride, scroll compressors are unmatched in performance. Scroll compressors are extremely difficult to manufacture and even more difficult to re-manufacture. Component parts must be machined to exact tolerances or the compressor will fail prematurely. Don’t settle for imported imitations or re-manufactured compressors. Use only the best...use the original Sanden TR scroll compressor when servicing your A/C system.

HONDA APPLICATION GUIDE
